

Board of Directors Meeting

Wednesday, January 31, 2018

Wet pond:

- Construction will last 6-8 months
- Will be 3.5 ft. in depth
- Wet pond will not be stagnant water
- Mosquito predators like frogs will solve a plague
- Planting around the pond will act as a barrier. It is the most effective strategy for keeping people and kids out.

Liability to community if there is an accident

- If there is any type of accident in or around the pond, the community will be responsible

Maintenance responsibilities

- Mosquito treatment
- Trash around the property
- All plants placed around the pond have a 5 year warranty
- After 5 years, they are considered established and their survival becomes the community's responsibility

Voting for the Board Vacancy

- Monife was voted into the board of directors as Member at large

Welcome Committee

- Amanda Punket
- Monife
- Alejandra
